No biggie. Just trying to make sure we know the facts about who did what and who knows what.

**Subject:** Re: county sampling

They are working together now, but I don't know if both counties went out and collected the samples from the private homeowners.

I will contact Juneau County and find out.

Did the counties work together or did just one county do the sampling?

The 2017 data and the county data were collected in both Juneau and Wood counties.

Was it just one county that sampled or two? Pat/Tom keeps saying 2 counties involved.
